**Hydrotech International Limited
(‘Hydrotech’ or ‘the Company’)**

The Company is pleased to announce that it has been awarded three further waterproofing contracts for Bank of America Tower (managed by Jones Lang La Salle), The Ruttonjee Centre (managed by CB Richard Ellis) and the Hong Kong Club. These are all high profile buildings within the central business district of Hong Kong. The combined value of these three projects is approximately AUD80k which when added to the recently announced HSBC contract, is approximately AUD300k worth of contracts awarded to Hydrotech this week.

The award of these projects firmly establishes Hydrotech Waterproofing Solutions as a supplier of premium waterproofing solutions to Grade A commercial buildings in Hong Kong and is leading to further acceptance of our systems by designers and specifiers of waterproofing systems. These projects add to the growing list of blue-chip clients that Hydrotech are presently working with - these include Cathay Pacific, MTR, ATL Logistics Company, AsiaSat, The Hong Kong Jockey Club and The New World Group.
