**Hydrotech International Limited
(‘Hydrotech’ or ‘the Company’)**

Waterproofing Contract Awarded

Hydrotech has great pleasure in announcing that it has been awarded the tender for the waterproofing works at the American Club’s Country Club situated on the south side of Hong Kong Island.

Originally established in 1925, the American Club is considered one of the most prestigious ‘Members Only’ social clubs in Hong Kong with wholly owned properties in the heart of the Hong Kong CBD and a clubhouse with full recreational facilities on the south side of the island.

The contract is for waterproofing works to the Club’s tennis courts and surrounding areas and was awarded following a successful application undertaken by Hydrotech recently to another part of the Club. The combined value of the works is AUD142,000 and works are due to begin on September 30th.

Membership to private social clubs in Hong Kong is highly sought after and as such, the standard of facilities and service is very high. The award of this contract adds to the growing list of relationships that Hydrotech are building with prestigious social clubs in Hong Kong such as the Hong Kong Jockey Club and the Hong Kong Club who require professional and expert assistance in the maintenance of facilities.

The Company is continuing to tender for contracts and it is hoped that we will be able to bring you further announcements on MPS and Waterproofing Contracts awarded in the near future.

Philip Gray
Chairman
